

I feel you are taking away MY rights to have some privacy from all of the annoying calls that just seem to happen from about 5:00 p.m. on up to around 10:00 p.m. at night. What an intrusion in my life at home. I have received so few lately with this protection and I'm certainly enjoying it. Before this came into effect, we were constantly answering - trying to be polite and then just hanging up the phone. Why would you even consider removing this option that I have voluntarily chosen?????? Why are their rights more important or take priority over mine?????? KEEP THIS IN EFFECT - I'VE YET TO TALK TO ANYONE WHO WANTS IT TO CHANGE BACK LIKE IT WAS BEFORE THE PRIVACY ACT TOOK EFFECT IN INDIANA.
